## Presidential Ponderings

By EILEEN WETZEL

“Come for the cars, stay for the people”. That phrase was never so true as the week in Colorado Springs at Conclave. Hosted by the national AHCA with the help of local clubs, it was well orchestrated with non-stop action. Including all the events with the back drop of Pike’s Peak and the surrounding mountains, it was impossible not to thoroughly enjoy driving your Healey.

This was Gary’s and my second Conclave, and it was fun to get reacquainted with people we met last year. I could see that a lot of people were relishing in the friendships that have been forged at Conclaves over many years. It was not possible to leave without meeting someone who touched your heart.

Some of the following highlights for me are the following:

- Working registration for just one hour I met lots of people from all over-including one man from Australia. I asked him cheekily if he had brought a Healey. He said “no, but I have bought two while in the states and have shipped them home.” Way cool!
- Dining out for “tapas” with Mike and Gloria Lynch. It was a great food experience along with great company. Thanks to you, Mike and Gloria!
- Car shows - especially at the Air Force Academy, followed by the most spectacular fireworks display I have ever seen. I got such a kick out of helping interested kids and teenagers in and out of our car (I should say Gary’s car, but he didn’t seem to mind).
- Race day - need I say more? Yes, I must. No DNF, STD for me on that day! Woo hoo! Thanks go to my pit crew husband, Gary; my teacher, mentor Steve Rixen; and the MAHC gallery! Thanks to the Ohio AHC for a well timed event and to Steve Rixen for keeping us all in the shade!
- Dinner with the family - the MAHC – in Steve & Kim’s back yard - Thank you !!
- Beautiful drives - Royal Gorge, Cripple Creek, Pike’s Peak, Garden of the Gods - and for Golden Eagles screaming over our heads. Thank you, Greg Lauser!
- Valve cover races - were so much fun. Susan Joppa, my racing idol, coached me to kiss my valve cover for good luck, which resulted in winning two heats and causing Udo Putske to squirm in bewilderment.
- Our trip home - We went out of the way to spend a day in the Black Hills. A perfect day, perfect in a Healey, with breathtaking beauty.

Conclave in Louisville next year promises to be a wonderful venue. The Louisville members, along with their twenty five year old president, are energetic, kind, and fun. It is sure to be another memorable experience.

What is in the planning future for the MAHC? 2013 Rendezvous-time to put our thinking caps back on!!

Don’t forget to check the calendar and RSVP to upcoming events.

See you at PIE! Happy Healeying!!

# THE PRESIDENTS INFORMAL EVENING

BY GEOFF ROSSI

July 13, 2011

Fort Snelling Officers' Club

19:10 Meeting convened by Madame President.

First portion of the meeting was spent discussing upcoming events and dates. In particular, the 2012 Louisville Conclave was briefly mentioned. Drive-In Movie Night is July 22 at Cottage Grove's Cottage View Theater; and it is suggested that you arrive at 6:30, if you want to park with the group (not next to a pick-up with a load of kids). Reservations are needed for the Lynch Mexican Fiesta by July 22<sup>nd</sup>. Next, Aug 7th presents the Annual Stine/Lauser Picnic and Betty challenged everyone to attend. The Amery Speed Challenge on August 27 (28<sup>th</sup> in case of rain) has a need for volunteers (contact Tom Hazen). It is sold out, but there are open slots for anyone driving a vintage Healey. Also brought forward was the Progressive Dinner Drive of August 14. An RSVP by August 7<sup>th</sup> is required to Jean & Chuck Norton. It is strongly advised to bring folding chairs, as no host will have two-dozen lawn chairs. Steve Rixen added a final note concerning the Chicago area Healey club sponsoring a track event at Blackhawk Farms on Aug 5. Last year it was \$110 for four-and-a-half hours of track time. There was then a brief review of Rendezvous 2011 in Fargo.

The second portion of the meeting consisted of a critique of the just concluded Colorado Conclave. There were 12 members who made the trek: Greg Lauser (drove his Healey), Gloria & Mike Lynch, Dick Mathews, June & Tom Moerke, Kim & Steve Rixen (drove the Healey), Barb & Gary Ronning and Eileen & Gary Wetzel. Three 1<sup>st</sup> place Gymkhana driving event trophies travel back to Minnesota. Eileen placed 1<sup>st</sup> in her class in the Women's Gymkhana. Kim Rixen also took 1<sup>st</sup> in her class, and Steve captured 1<sup>st</sup> in his class. He also had the 3<sup>rd</sup> best overall time. Mechanical problems on two runs handicapped Steve, but he came through on his final run. June added that Eileen's time was faster than 85% of the men.

The meeting was adjourned for some casual conversation.

Attendees: Curt Carlson, Rich & Liz Stadther, Tom & June Moerke, Jack Stein, Jim Manion, Betty & Carl Stine, Jim Kriz, Gary & Eileen Wetzel, Tom Politiski, Andy Lindberg, Scott McQueen, Kim & Steve Rixen, Tom Hazen, Dave Herreid, and Geoff Rossi.

## INAUGURAL INTERMARQUE PICNIC

June 26

By Geoff Rossi

**Eileen likes  
Cozy Cars too !**

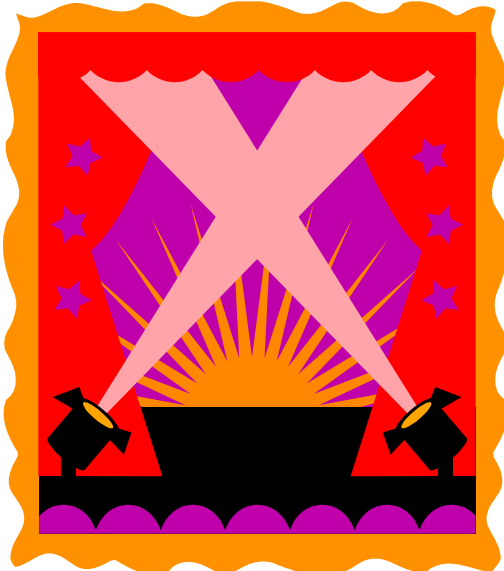

Some say the Brits and the French have an animosity towards each other. Had you been at Cherokee Park in Saint Paul on Sunday, you would have found Healeys and Triumphs right alongside an abundance of Citroens. With the weather perfect for a picnic – clouds holding the sun at bay – three dozen or so people participated in the First Intermarque Picnic of 2011.

There were two tables covered with an assortment of goodies. Everyone brought something to share; and after eating, June Moerke (Taskmaster of the Day) directed a regiment of challenges. There were two teams chosen by designated captains. Those would be Team A and Team B. Team B won the “three-legged-tied-together” race and the “run-while-shouting-car-names” race. Team B evened the competition with a 7–5 score at the Ladder Toss (we didn’t actually toss ladders). Unexpectedly, a live band was playing at a nearby family reunion; so we had some Johnny Cash, Eagles, Elvis and more, all afternoon!

This picnic is a monthly summer event. Plan to bring your French, your British, or your other car to Cherokee Park on the last Sunday of each month. It’s fun !

## InterMarque Movie Night

By Steve Rixen

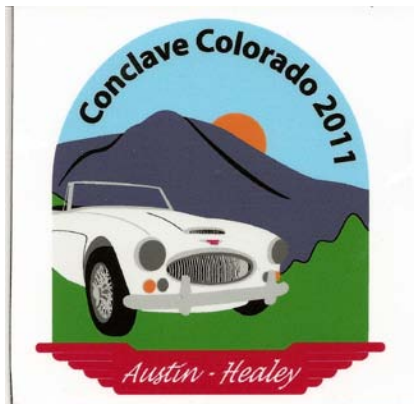

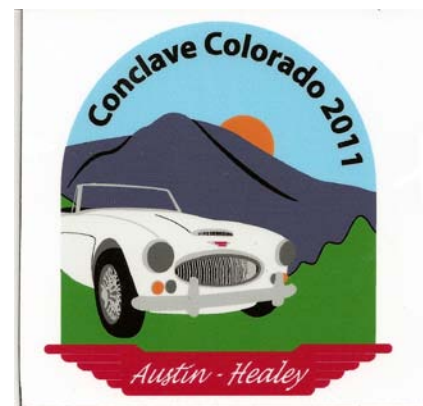

The IMM movie night was attended by 2 Healeys and 6 members. Organizer Andy and Linda Lindberg-Larson, Eileen and Gary Wetzel, and Kim and I.

There were 3 MGs and 5 Triumphs there as well. Andy and Linda came in their Miata.

Andy brought Candyland Popcorn, and Doug Burch's (TR) wife brought brownies.

The movie was the Harry Potter Deathly Hallows part 2 and was engaging. This was my second HP movie as I had seen the first on a flight to Japan years ago. The Zoo Keeper was the late show; but most of us left, as it was then 11:30 PM.

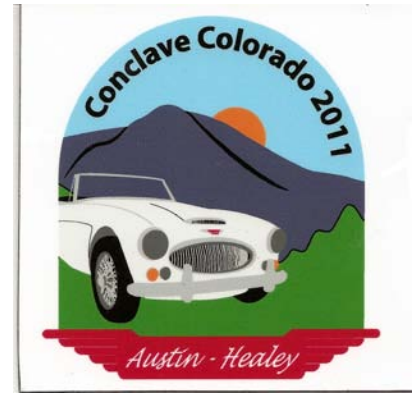

## 2011 Conclave notes...

By Editor

This was the first time that the AHCA Conclave was put on by the National officers and staff. They did a super job ! It was a nice two day drive through South Dakota, dropping down into Nebraska, and then entering Colorado. The Crowne Plaza Hotel was a large beautiful facility where we gathered. Colorado Springs is a big city, but we could see the mountains standing nearby.

Monday was the Fourth of July, and it was a busy one. The car show was set up at Old Colorado City in a park area. After walking through the show and doing your voting, you could wander down the quaint old main street. Then it was off to the Air Force Academy. Another line-up was in the athletic stadium parking lot with many food vendors and the public gazing at the cars. Towards evening, there was music being played inside the stadium followed by a spectacular fireworks display after dark.

Tuesday was Gymkhana and Funkhana day. The Wetzels and the Rixens represented our club in fine fashion! In the afternoon, there was a Ladies Tea for the women. The Rixens rented a private home for their vacation week, and the Minnesota group gathered there Tuesday evening. Great food was cooked up, and we had a pleasant time relaxing in their back yard.

Wednesday was Rally Day. We got our directions and took off into the back country. The Garden of the Gods outstanding! In and around, up and down, answering questions along the route, all made it a fun time. That evening, we drove to the Flying W Ranch for “grub” and western music. Yahoo !!

Thursday there was an Air Force Academy Tour and a special “Fuel Economy Run”. In the evening, the Awards Banquet took place. A wonderful Conclave – lots of fun and scenery!

## 2011 Conclave notes ...

By June Moerke

We had a very nice time at Colorado Springs. I enjoyed the quaint cities of Manitou Springs and Old Colorado City. Garden of the Gods was breathtaking. We had seen it before, about 14 years ago, but it still took my breath away with awe.

Although I often balk at going to museums, it was the perfect way to spend the last day at Conclave. We went to the Colorado Pioneer Museum located in the historic old Colorado Springs Court House. I read about early settlers and the native peoples of the area. Later Tom went to the Money Museum, and I went to the Fine Arts Museum and Exhibit.

We left Colorado with more than we came with; as I visited two “used stuff” stores, and we brought home gifts and souvenirs.

## A Dan..dy Idea !

by Dan Powell

I've been rummaging around my garage workshop and realized that I have some tools and equipment that I use occasionally, but that others in the club might not know about or feel comfortable asking to use/borrow. I was thinking that a section at the end of the newsletter similar to the want ads could be developed to list tools, special skills, etc, that club members would be willing to share with others. I'm sure that other club members would also have specialized Healey tools or equipment that others could find helpful. All that would be required would be a list of items and a contact name & number... just like the regular want ads.

Examples that I have include: engine hoist (very experienced at removing big Healey engine/tranny units), a bead blaster, a MIG welder, front & rear hub nut sockets, a socket for the cam nut, a "tranny tester" that can be hooked up to a ½" drill to bench test a tranny, a double-flaring tool for brake lines, and an engine stand that bolts to the motor mount holes rather than the end of the block.

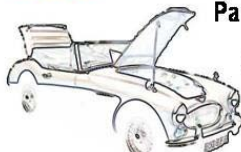

Let us know if you like the idea and have tools / info to share !
