The President's Report

By Tom Moerke

Hi Gang;

Isn't this great weather for snowmobilers, skiers, snow shovel salespeople, Toro sales etc.etc?. Me, I think its crummy. The TV weather people say its been 10 years since we had snow cover this early in Dec. I had begun to think it was normal to drive our vintage sports cars well into Dec. Our 3 sports cars are into their winter slumber in their little mini-barns with only their batteries hooked up to life support systems. They will return to life, eager to go forth, in maybe less than 90 days from now.

The 2008 calendar looks awfully good, but there is one Intermarque Event not listed that I would like to mention. On new years day, that's 1-1-08, people will meet in Birkmose Park before sunrise ,at 7:15 am, to greet the new year and the rising sun. Then on to the famous Dick's Bar for their excellent breakfast and 99 cent bloody marys Sounds like fun to me. Call me if you need directions at 651-402-2153. I should mention Birkmose Park is in Hudson, WI, high on the bluff overlooking the St. Croix River. To the north one can see Stillwater and to the south Afton. Great spot!

Michael Jekot, the man in charge of the Velocity art show in Hopkins June 28th thru Aug 3rd, will be at PIE on Jan 2 to explain a little about the show. Several car clubs are sponsoring a day and evening at the show for \$ 500 ea. My wife June came up with this idea. The Healey Club and two other clubs, maybe the Jaguar and Triumph clubs to be co-sponsors at \$ 166.67 each club. More people, more fun. We could have our own car show, and stand around sipping champagne and pretending we were at Pebble Beach. We could call this group the" the English thoroughbred car show".

One other thing. I still have two door prize's to handout. I know the fancy beer glasses belong to Herb Miller. But who won the A-H mouse pad ?

PAUL WEIDNER (1955-2007)

The Minnesota Austin Healey Club and other car clubs around the upper Midwest were stunned to hear of the sudden passing of one of the most vibrant and participant members of our driving community. Paul Weidner died suddenly on Thursday, December 13th while working on his Sprite in his garage.

While we are as yet unsure of the circumstances surrounding this tragedy, we are comforted with the knowledge that Paul enjoyed his life to the fullest, and he openly shared his zest and enthusiasm with the rest of us willingly.

Paul is survived by his former wife Margi Beck (with whom he remained close), and their sons, Jonathan and Matthew.

A service of remembrance will be held on Monday, December 17th, 2007 at 7:00pm.

PIE

(President's Informal Evening)

Date: Wednesday January 2nd

Time: 7:00 p.m. (or before)

Place: *Fort Snelling Officers Club*

This location is on Hwy. 5 (east of I-494) on the southeast side of the Mpls./St. Paul Intl. Airport. Exit at the Post Road ramp, turn south (east) towards the river and proceed on to the road heading for the park, take the first left and wind around to the Officers Club building.

Come and enjoy refreshments and/or food with the friendly club members, catch up on news & events, and discuss cars & restorations.

Breakfast at the Peg

This casual event every Saturday morning about 8:00 continues to be very popular! Great food, reasonable prices, & friendly LBC car enthusiasts make it a great place to keep in touch. **Meet in the room added on just for us!!** The location again is:

The Square Peg Diner
2021 East Hennepin Ave. Mpls.

PIE REPORT

By Rod Richert

I had never been to "Pie" before December 5th.

President Tom Moerke gave a short presentation on the two upcoming Rendezvous. Up to 95 rooms are in reserve at the AmericInn of Ashland, Wisconsin for Rendezvous '09 at the rate of \$109 per night. Tom said that the best part of Ashland is that it's close to Bayfield. There will be a barbeque planning meeting for Ashland Rendezvous 2009 at Mike and Gloria Lynch's July 20th. (Details to be advised).

Unfortunately, the 800 number for information for Pinawa, Manitoba (Rendezvous '08) does not work.

Due to group size restrictions and "challenging price-points", the Vine Park Brewery event scheduled for January 19th and February 9th has been cancelled. In it's place, Steve Rixen is working on a tech session for January 26th and Jim Kriz will try to arrange a Summit Brewery tour for February 9th.

A note to those attending last year's brewing event. Bottles may be returned during Vine Park's hours (generally noon to 8 p.m.) rinsed (no soap) and label free. Or visit <www.greenguardian.com>.

Curt Carlson brought brake calipers for Bob Featherly.

Wayne Soderbeck was excited by the prospects of a new five speed for his midget. He'll definitely be recruiting help for his spring engine pull.

Those not already mentioned and in attendance: Jack Stein, Mike Martin, Jeff Lombard, June Moerke, Dick Mathews, Ron Corazzo, Chuck Norton, Larry Nimmerfroh, Andy Lindberg, Scott McQueen, and Kim Kiser.

A lot of food was eaten. I did not see a single slice of pie.

NEXT PIE IS JANUARY 2ND

The VP REPORT by Rod Richert

The 2008 MAHC planning session was led by new president Tom Moerke at the Woodbury Old Country Buffet. In attendance were: Dick Mathews, Steve Rixen, Carol, Jessica and Jeff Johnk, Curt Carlson, Michael Manser, Andy Lindberg, Dan Powell, Jeff Lombard, June and Tom Moerke, Barb and Gary Ronning, Rod Richert, Wayne Soderbeck, Betty and Carl Stine, Mike Martin, Dale Martin, Gloria and Mike Lynch, Larry Nimmerfroh and Jim Kriz.

Many favorite '07 events were again scheduled for '08. Special thanks to Dick and Karla Mathews, Carl and Betty Stine, Jeff and Betsy Lombard, Mike and Gloria Lynch, and Herb and Marsha Miller for graciously opening their homes for future tech or social events. Too numerous to mention all, (Refer to the complete listing elsewhere in this issue) here are just a few highlights: Returning from hiatus is the Morgan-Healey picnic. Tom Hazen will be preparing another ambitious season of speed events. Spring awakening, the fall color tour and, new this year, Wayne Soderbeck and Jan Huston's FUN RIDE will be driven at a more relaxed pace.

Outside of planning, Mike Manser and Curt Carlson discussed their communication with the national club insurance advisor. Consensus is that there will always be liability exposure to the local and its officers.

For driving events, the best protection is afforded by providing a carefully controlled course, signed liability waivers and strictly enforcing rules.

With December 2008's 2009 planning session date set the meeting was adjourned.

This month's Puzzler: How did Gary Ronning bypass the XXII Amendment and secure a third term as president? (Hint: What year was the XXII Amendment ratified?)

TECH TIP: "Subjects Not In Books"

By Ernie West

These ideas or suggestions run from very important to not important at all, depending what kind of vehicle you drive. Some are off the wall suggestions that cover circumstances you may never encounter.

Story One: On a mountain in Colorado on a winter elk hunt we awoke one frigid morning to find that our 4X4 pickup wouldn't move. No matter what gear we engaged or how much throttle was applied it wouldn't move. Getting more aggressive the driver put the transfer case into low range and applies full throttle. The result --- the spider gear shaft in the rear end disintegrated. Further disassembly of the rear end found no troubles till we got to the brakes. They simply were frozen solid because the parking brake was put on while everything was wet. This could happen anywhere. Moral of the story --- don't put on your parking brake in the wintertime if you've been driving in water, snow, slush, or just down a wet road.

Story Two: On another mountain top only ten miles from the mountain in story one, another vehicle refused to start every morning until we would heat the fuel filter and lower part of the fuel line with a small propane torch (talk about an accident waiting to happen). The reason was that we'd fueled up at a gas station when a tanker truck was dumping its 8,000 gallons of gas into the underground tank. The resulting turbulence stirred up water on the bottom of the tank (yes, all tanks have some water) and we bought enough water that it would settle in the low spots and freeze. Moral of the story --- don't buy gas at a station when a tanker is there dumping.

Story Three: This story parallels story two. In fact sometimes it's hard to determine which of the two is the cause for your no start or stalling after starting in severe cold conditions. This story starts with the old wives tale that "gas and water don't mix". That's completely wrong. My numbers might not be exact, but as I recall gas can absorb up to 3% of its weight of water at room temperature, but as it cools this percentage decreases. Down to 32 degrees it's shed as water droplets. Below 32 degrees it's shed as ice crystals. Many an airplane flight from down south at 80 degrees has ended with engine fuel starvation when it encountered 0 degree temperatures up north four hours later. The diagnosis is almost always - a fuel filter plugged with ice crystals. This phenomenon can happen to you also, as it's not too uncommon to have a 60 to 70 degree drop in temperatures over just a few days in winter. Almost always, if a car is towed to a garage and put inside for just an hour, it'll start just fine. I don't think this is a result of the warming of the battery and oil, but rather that the ice turned to water and the carburetor or fuel injection system could then work normally. Moral of the story --- either use gasohol fuel or add Heet regularly to your gas tank in the winter.

As I'm always looking for subjects to write about, I'll probably continue with these off the wall stories titled "Subjects Not Found In Books".

Ring in the New Year

Join us at Birkmose Park in Hudson, Wisconsin, to watch the sun rise and raise a toast to 2008. This is an Intermarque event loosely hosted by Minnesota Triumphs. Bring a toast to read, some snacks to share, and your favorite bubbly, if you so desire.

We'll then head downtown to Regionally Renowned Dick's Bar, 111 Walnut St. Hudson, for breakfast. Sunrise is at 7:51 a.m. Meet at the park at 7:15 a.m.

Date: January 1

Time: 7:15 a.m.

Location: Birkmose Park, Hudson, Wisconsin.

Directions: Take I-94 East to Exit #1. Head toward downtown Hudson. Take a right at the first stoplight onto Coulee Road. Go up the hill and look for the concrete teepee indicating the entrance to the park on the right. Turn right into the park and go up the hill to the parking lot.
