President Dave Hatzung's  
**Very Presidential Column**

Last week I added Thunder Bay, Ontario to my weather app, and this morning I added another location - Amery, Wisconsin. So you say, "Why share that?" Unfortunately, as I'm writing this column, it's nasty out. Well, not really nasty, because nasty means cold and snowy. It's actually quite warm, BUT raining and stormy. So stormy that as I crossed the river this morning headed for our clubs first Autocross this summer at the Amery Airport, I pulled off onto an exit ramp to contemplate driving any further. You see as I left my house this morning, it started to rain. The farther I got, the worse the weather became. As I sat on that exit ramp, it was pouring buckets, and thundering and lightning out...in all directions. My thoughts turned to what our Autocross leaders, **Greg** and **Suzanne Willodson**, must be going through. For days now, all of us involved in this club activity have been watching the weather. It was supposed to be a nice weekend but has not turned out that way.

So, first I called **Mr. RaceSprite**, **Phil Dawson**, to see if he's headed for Amery. No answer there. I hesitated to call **Greg**, as I knew what he must be going through, so I texted him instead. I waited a bit on that exit ramp. It continued to thunder and lightning, so I turned around and headed home. I did get a "maybe" from **Greg** - then a "It's on, car is here" from **Mr. Phil Enthusiastic Dawson**. I answered him..." O crap, I already turned around and headed home". I was still thinking about all the people, besides **Phil**, who brought their cars to race - this being one of the highlights of our summer. They all might see it fizzle away. As I wrote this, I was still not sure if it was going on. The weather app then showed partly cloudy, but a bunch of 80% bad weather again in the next couple of hours. My Midget isn't quite race-worthy yet, but will be by the next Autocross...I hope. If you've read my past columns, you know the rest of my "getting a car ready for auto-cross" story. Continued....

Rendezvous 2018

President Dave Hatzung's

## Very Presidential Column continued

So, back to the Thunder Bay location that I added to my weather app LAST week. That was for the 2018 Back-To-The-Bay Rendezvous ( I'm so glad I can spell that correctly!) which Mary and I attended last week. That was our first Rendezvous, and we had a blast. Met a ton of really nice people who had some really nice cars. Besides the nice cars that the **Rademacher's**, the **Herreid's** ( remember that old saying, "I before E except after R), **Phil See**, the **Ambli's**, and the **Wetzel's** drove up, we were introduced to the **Rixen's** "just finished" beautiful Healey done in an Old English White with a Mustang blue painted cove. If you look closely, it is accented with a red pinstripe. Nice job **Kim** and **Steve**! If my memory serves me correctly, these were the people that brought Healey's. Other club members also attended but drove different cars.

The **Thunder Bay Vintage Sports Car Club** did an awesome job planning and hosting this event. They kept us busy with hikes, a super fun and beautifully picturesque road rally, a Celtic( pronounced Kkkkellltick) Barn Dance, and various tours and social activities. There was great food, plus a car show with over 100 beautiful and varied vintage cars. **Fred Ambli's** car finished on top!

All I can think about now is the 2019 AHCA Conclave our club is going to put on. There is both the responsibility we have to make it a great one, and the fun it will be participating. Let's all be sure to pitch in, so that it is remembered as one of the best.

When I finished writing this article, it had stopped raining at my house. My phone still showed 80% **sh£%#ey** weather in Amery. I had hoped the weather app was wrong, and that our car friends were out there having fun. I later learned that YES, they had decided to have fun without their President! Despite the wet track, they made some adjustments and had a great day. I ended up spending the day out in my garage doing some long overdue things to my Healey. Besides the weather app, I wonder if I should add the "Negative thinking" app, or the "I don't think it'll happen" app. What do you think?

Respectfully and happily submitted. Dave

# The Presidents Informal Evening

By Suzanne Willodson

It was a beautiful evening in downtown St. Paul. Shortly after 6pm, we started to arrive one by one. When the headcount stopped at 11, we realized the usual suspects at our PIE meetings were on their way to Rendezvous in Thunder Bay. We had been left to our own devices and would have to run the meeting without any supervision.

The meeting started promptly at 7:28pm, give or take a few minutes. First on the agenda was a recap of the Spring Vintage Festival at Road America. There was rain, there was wind, there was excellent driving by our club members. They would love to see more club members make it to Road America to view the races and support our drivers! The next big race weekend at Road America is on July 19-22.

The conversation about racing was the highlight of the night, and it won't surprise you to learn that a motion was made to support the racers by giving them a healthy budget for refreshments, a party, banners, and fuel. Being a conservative group, they withheld their request for racing tires until a later date. Seeing as we had only one officer present (Liz Stadther - and she abstained from voting), the motion will have to be taken up at another meeting.

The Treasurer and only responsible party present (Liz Stadther again) brought a Treasurers' Report, but did not disseminate it. Perhaps sensing the reports would become nothing more than coasters as the evening wore on, she opted to provide a summary of the club's accounts. We continue to be financially healthy and ready to support Conclave 2019, as needed.

Tom Hazen reported on Waumandee and the state of the roads in the area. He has ideas for improved communication and is planning on reducing the cost of the Awards Dinner to \$10. Waumandee is on the calendar for September 21-23.

Members present: Rich & Liz Stadther, Jeff Johnk, Jeff Lombard, Dan Powell, Greg & Suzanne Willodson, Tom Hazen, Clarence & Kate Westberg, and Ron Corazzo

## Greenway Retirement Party - June 2 - Cumberland, WI

By Sue Greenway

It is said that into each life a little rain must fall. And did it ever fall! When we all choose to live where we live, we know that early June is iffy at best. Weather is a fickle mistress; so when it decided to rain, we made the best of it. Instead of the planned backyard lake party, we had a 'hope to stay dry' garage and house party. We had gathered Austin Healey and MG friends, family, work friends, and newer Cumberland friends. The event took on a life of its own, and somewhat became the wedding reception we didn't have when we married 20 years ago. For reference there were about 145 people at our party and only 30 at our wedding. We now have a much better understanding of not being able to spend time talking to a lot of our favorite people!!

That all said, we are so grateful for our community of Healey friends. Some of you helped cook, some helped serve, some helped clean up, some helped entertain the kids in attendance. Many helped make our garage into a tap room inclusive of a couple of bars, tents, and festive string lights!! There was Spotted Cow on tap, Gin and Tonics, and the best box wine money can buy (in Cumberland)! We had fried chicken, ham sliders, Asian meatballs, salads, and desserts galore. We did not run out of adult beverages, but we did run out of food around 6:30 pm. I am hoping no one went home too hungry! Despite the inclement weather, everyone had a great time in a community of friends - both new and old.

Steve and I would like to send a big THANK YOU to all who attended our Retirement Party! Beginning next week, we are off on our first great retirement adventure by driving the Subaru and trailering our motorcycles plus taking the dogs. First stop, the Deadwood/Spearfish area in the Black Hills on a recognizance mission for Conclave 2019. After that, we're on to Denver.

## Thunder Bay RENDEZVOUS 2018

Editor

Many MAHC members – and members from other local clubs – started the weekend journey on Wednesday. People were over-nighting all up and down the north shore of Lake Superior. Weather was great and (some) tops were down.

The NorWester Motel was buzzing when arriving on Thursday afternoon. A well organized registration table was there and people checked in. That evening, there was a very nice gathering in the hotel with some free drinks and lots of nice Italian appetizers.

Friday there were many options for tours and side trips. There were at least five different tours to select from. One was the Mt. McKay Tour, which Kim Rixen wrote up and is included in this edition. Wine & Cheese, Tech Session, and in the evening a Celtic Barn Dance topped the night off.

Saturday there was a Fun Rally in the morning with a large Car Show at Marina Park in downtown Thunder Bay. Things started with a dramatic display by a group of Drummers. People then bought tickets from Girl Scouts to vote for their favorite cars. Weather was great and all enjoyed wandering through the area looking and visiting.

The Rendezvous Banquet took place on Saturday evening. It was well organized and the food was delicious! The Hard-Luck stories were told, and a woman won the award for her sad story of being a wife to a Dentist. The other People's Choice Awards were given out, and our own members - Fred Ambli & Sandie Swenson - got first prize ! Congrats to them !

There was a presentation by Diane & Steve Rindt for the 2019 Rendezvous, which will be held in Eau Claire, Wisconsin. Looks like fun ! People hung around talking to friends afterwards until retiring to their rooms. So many nice people and good friends in this assembly – for the 28<sup>th</sup> time ! That is why Rendezvous continues to be so enjoyable and successful. See you next year!

## Mount McKay Tour and Hike

By Kim Rixen

We climbed the hill !

This year, the organizers of the Thunder Bay Rendezvous decided to do something different: Take a hike.

Mt. McKay is considered the city's best. At the Meet and Greet Thursday night, the organizers announced the plan and asked for a show of hands to see who was interested. Many hands went up!

When I talked to Glen Paterson, one of the organizers, he said they expected about five or six hikers. Instead, about 30 people decided to make the climb.

We started at the Mt. McKay scenic overlook, which provides a pretty good view of Lake Superior without leaving the car. We divided into two groups. One was led by Harriet McMillan from the Thunder Bay Club and the Thunder Bay Hiking Association. The second group was led by her daughter. Friend Bertie and her dog followed at the end.

We all had to sign waivers, which made us wonder what exactly we were getting into. We soon found out. The climb started out fairly easy, then took us pretty much straight up for 1 km. We had to negotiate some serious boulders, and at times it felt more like rock climbing than hiking.

Only one person turned back. The rest of us made it to the top and saw some amazing views of the lake and the city. It couldn't be beat !

The trip down the trail, however, was just as challenging as the trip up. We all did make it back to our cars. Someone said they always thought it would be fun to have a hill climb at a Rendezvous. This time, they did! But it was on foot, not in cars. And that was OK with us.

Climbers: Dave & Mary Hatzung, Gary & Eileen Wetzel, and Steve & Kim Rixen

## Amery Airport Autocross XXII

June 16, 2018

We're happy to report on another successful autocross at the Amery Municipal Airport in Amery, Wisconsin, despite a rough beginning to the day! Even though the day was shortened considerably by rain, 57 drivers made a total of 224 starts.

The morning started with a pummeling of wind and rain for over an hour, collapsing part of the tent, but things eventually calmed down. Wet conditions prevented any morning speed runs, but the pavement dried out after lunch, finally giving drivers a chance to open the throttle on the straightaway.

First place in the autocross went to **Jess Meyer** in his 1980 Porsche 911, completing the course in just 41.17 seconds! Highest speed went to **Justin Nall** who attained 141 mph (twice), in his 1966 Chevelle!

**Phil Ethier** brought along his camera equipment, and photographed as many cars as he could. Have a look at... <https://www.flickr.com/photos/pethier/albums/72157697536969384>

## InterMarque Picnic

By Andy Lindberg

The first Intermarque Picnic of the year was preceded by a heavy, but short, rain squall. Convertibles were thereby thin on the ground. All three with their tops down are visible in this picture. The Healey club hosted this event and we all sang Happy Birthday to Donald Healey whose 120th birthday was just around the calendar's corner.

Looks like the day turned out nicely after all...

# Amery Airport Autocross XXIII

Saturday August 25 2018

(rain date Sunday August 26)

Orange cones on the airport tarmac and a ½ mile speed run along the taxiway await you at the Amery Municipal Airport in Amery Wisconsin! Our goal is five runs per driver.

Drivers must be 18+, sign a waiver, pass an onsite tech inspection, and wear a helmet (Snell 90 or newer – we have a few loaners).

Helmeted passengers 16+ will be allowed on all runs.

## CORNER WORKERS NEEDED

Want to get close to the action but not drive? As a volunteer corner worker, you'll wave flags, blow whistles and enjoy treats and lunch on the club. Or drive half the day and work the other half. Contact Greg to sign up. We need your help to make this event successful!

Despite all precautions taken, this event remains dangerous and may result in property damage, serious injury, or death. Drivers, spectators, and workers enter at their own risk.

REGISTRATION

\$40 per driver (\$25 Austin-Healey Club members).

### Directions to Herreid Cabin

#### From south Minneapolis or farther west:

1. Take I-494 East to Maxwell exit. Turn left at the intersection.
2. The road will make a big U past Hwy 61 and I-494. Stay left as the road becomes Bailey Road. Follow Bailey several miles.
3. Right on Trading Post Trail.
4. Left on 50<sup>th</sup>.
5. Right on Quadrant.
6. At a locked gate to Afton State Park, the road turns left and becomes 53<sup>rd</sup> and then Swede Hill Drive, which winds around.
7. Keep going past the increasingly shrill signs saying Dead End, Turn Around Now, etc.
8. At the end of the asphalt road you'll come to a house overlooking the river on the top of the cliff. A private drive on the right says Back Acres. A partially hidden gravel drive on the left has the number 16530 and a Herreids sign. Take the left onto this drive.
9. When you get to the bottom of the hill, the cabin is on the left. It's okay to park down at the cabin or in the turnaround beyond it.

#### From St. Paul:

1. Take I-94 East toward Wisconsin.
2. Manning Road exit and turn right (south).
3. Left on 40<sup>th</sup>.
4. Go to step 3 in directions in left column.

#### From Wisconsin:

1. I-94 west from Wisconsin.
2. Exit Stillwater/Lakeland (first exit after the bridge over the St. Croix River).
3. Left (south) toward Lakeland, through 3 roundabouts.
4. Keep going straight ahead through Afton.
5. At the south edge of Afton, you'll come to a Y intersection. From now on you'll take all left turns.
6. Go left onto River Road (not right onto 21).
7. The road goes along the river, and then turns right and goes up the hill.
8. When you come to the top of the hill, turn left onto Quadrant.
9. Go to step 6 in directions in left column.

### For Sale:

I am parting with my 1960 Austin Healey Frogeye Sprite. The car is a 1987 Volvo Blue which looks like Black, Green or Blue depending upon the sunlight. The car is not in showroom condition and could be considered a reliable daily driver, but definitely not a project car. There a few minor scratches and marks but has has no road accidents that I know of. I have owned for at least 15 years. You can drive it all day and still have plenty to tinker with all winter. Of course this car was always garaged in the winter and seldon saw rain. It has never been raced or abused. I am 60 years old and have enjoyed this little beauty since the fall of 2013.
