## The Presidential Corner

By Greg Willodson

It happens to all of us. Any time you stand next to your Healey, someone approaches with a story of the Healey they remember from 30 or 40 years ago. They are **always** smiling. There are way more fond memories of Healey's than there ever were actual Healey's. How could these relatively few cars have made such an impact on people?

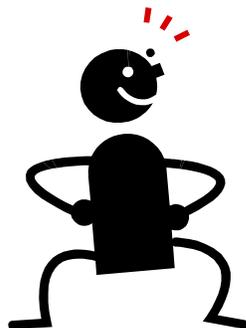

Most British sports cars worked their way through a hierarchy of owners, going from sparkly new sex symbols to ultra-affordable (but still sexy) daily transportation. Of course, "affordable" was often a fleeting illusion, lasting only until the car revealed its next weakness. After a few short years in the Land of 10000 Lakes, they were a lot sexier if you didn't look under the floor mats - or below the swage line, for that matter. Because of this downward life cycle, at some point any brave soul could afford to own a British roadster, when the preceding owner decided it was time for a fresher, more sensible ride. Almost all of these folks remember the good times a lot better than the challenges, hence the broad grins.

I think it's really important to keep our cars out and about. At the last PIE meeting, club members were introduced to Lisa Culver, Dave Hatzung, and Jim Spaight. Lisa and Jim grew up in homes that had old Healey's tucked away in the garage. Both of them are thrilled at the prospect of making new memories - in those very cars - by driving them on the road again.

This past week, I got a call from a man in Cambridge MN, who was looking for advice on selling a very well preserved, rare Mk2 BN7 (only 355 made). He bought the car in 1967, and last licensed it in 1971. He had passed the car on to his son; but the son finds the car to be too confining, and is not overly interested in keeping it. I can't help but think that if they had just gotten their Healey out from under the tarp a few more times, nostalgia would have taken over, and they'd keep the car in the family.

So, the moral of this story is:

Get that Healey out for a drive; you won't be the only one smiling!

# The Presidents Informal Evening

By Curt Carlson

PIE started at 7:15 after finishing our dinners. We had some special guests join us, who are sure soon to become new members. Lisa Culver has a BN1 she inherited from her late father. Jim Spaight inherited his dad's '62 TriCarb. Dave Hatzung finally bought the BJ8 from his neighbor. He'd been bugging him for a decade to sell it. Welcome all!

We recapped past events and promoted upcoming events (<http://calendar.mnhealey.com/>). There was a treasurer's report and a video librarian's report (all movies now transferred to DVD). Mike Martin proposed 'status quo' for the annual banquet. All concurred. Our thoughts and prayers go to Sue Joppa with a recently diagnosed health challenge. There were NO Healeys in the parking lot due to the very real threat of hail that evening.

I've been thinking a lot more lately of the need for a transfusion of new blood into the administration of the MAHC. It seems that year after year, it's the same names on page 2 of the newsletter - not that anyone isn't doing a great job, or anything like that. It's just my opinion that for the club to thrive and grow, it's vital to get new ideas and a new focus in those administrative roles. I include myself in this tally. I've been holding up the website and doing other behind the scenes stuff for too long. If we don't get someone new in there, it will stagnate. I personally would like to see some of our female members take a more active role. By now we should all know from experience that this is a social club masquerading as a car club. We have *by far* more social events than we have driving events - e.g. Ladies Tea's, Wine and Cheese Parties, Dinner Parties, Theater Parties, Picnics, etc. The social gatherings *far* outnumber the driving events. Let's get some people with a few fresh new ideas. None of the club staffing positions requires a large time commitment. This includes that role of newsletter editor too, believe it or not. I'm sure that Gary can attest that once a layout is done, the rest is for the most part cut and paste. Most club staff tasks take as much or little commitment as one can give. If you want to put a few hours a month into a club position, I'm sure you would enjoy it. For the most part, the time commitment is small and the work is at your own pace with no deadlines. Please consider stepping up to the plate. Take a turn and IT'S FUN!

I'd also like to push you to visit your club website: (<http://www.mnhealey.com>). When was the last time you looked it over? Did you know that you can use the club calendar to view MAHC events and Intermarque events too? Most events have additional information just a click away with RSVP information and driving directions. Some other things on the site include a current regalia catalog and order form, some technical articles (If anyone wants to submit an article, I'll happily post it - send to [mnhealey@gmail.com](mailto:mnhealey@gmail.com)), a club member directory with car photos, current and past newsletters dating back to 2004, and links to national clubs and other fun places. Please take a moment to browse the site. Pay special attention to our club directory (<http://www.mnhealey.com/mnhealey/dyn/Roster.aspx>). Please let me know if you don't see your name, or if we don't have a photo of you and your car. If you want to have a photo displayed, please try to make it a 'quartering' shot which shows the car AND the owners.

## Norwegian Picnic in the Woods

On Sunday morning September 7<sup>th</sup>, we got in our cars and headed North. According to the weather forecasters, this was going to be one of the top ten beautiful weather days of the year. It really did turn out nicely. Upon arrival, Fred & Sandy had the Vikings game already keyed in – what great hosts ! More people kept coming until there were over 20 in attendance.

Fred built the home - IN THE WOODS – a few years ago, and it is very enjoyable sitting on the elevated deck watching hummingbirds buzz around. People enjoyed eating snacks and having refreshments on this beautiful day (and the Vikings were winning!). Fred has another building for working on his Healey projects – to which the guys were magnetized. Since finishing his Blue BJ8, he has taken on another BJ8 to resurrect ! It is Silver with a Cardinal Red interior – and looks great ! It's not quite finished yet, but Rixen and Wetzel are helping to get it done.

The luscious steaks were brought out, and Greg Lauser took charge of cooking them on the deck Barbecue. Sandy and her helpers prepared several side dishes indoors, and we soon were partaking of the wonderful afternoon fare. Mmmmmgood ! Desserts topped it all off. What a great way to spend an afternoon with good friends. Thanks to Sandy & Fred for their warm hospitality !

People attending: Eileen & Gary Wetzel, Kim & Steve Rixen, Barb & Gary Ronning, Tom & June Moerke, Dale & Barb Martin, Mike & Gloria Lynch, Spencer Angel & Donna Kennedy, Jean & Chuck Norton, Greg Lauser, Dave Lee, MG friends Allan & Jennie Anderson, and our hosts Sandy & Fred Ambli.

# FALL FESTIVAL

## AT ROAD AMERICA

By Dan Powell

Once again Healeys made their presence known at the fall race at Elkhart Lake's Road America race track. Our club had three big Healeys in the mix: Jeff Johnk's yellow car, Jeff Lumbards' Healey blue car, and my Aston Martin green car. Rich Stadther had one of his open wheel cars there, which we accepted since he doesn't currently (at least since I talked to him yesterday) have a Healey in his stable of race cars. Also attending were Doug Escriva from Portland Oregon with his light green 3000, Ed Muncie from the Chicago area with his BRG 3000, Bob Wagner from Milwaukee with his blue 3000, and Bill Dredge from the Cedarburg Wisconsin area with his just finished new blue 3000. Bill raced Healeys when they were new and previously owned Sports Car Services.

Supporting us were several MAHC members including Greg & Suzanne Willodson, Gary & Eileen Wetzel, Steve & Kim Rixen, and Mike Manser. Their versions of the weekend may vary, depending on how long they attended the post-race festivities each evening.

Weather: we had plenty! Friday we got in our first race with the rain arriving as we got off track. No one ventured out for the afternoon session. High for the day was about 45. The rain stopped sometime between midnight and daybreak. Saturday was cold, but dry. With the damp cool air, all the motors were producing optimum horsepower, which made us all look like we had actually improved over the season. Sunday warmed enough to shed coats, when the sun was out from behind the clouds.

Racing: Friday morning everyone played nice, and I had my best time of the year. Some problems occurred during the Saturday afternoon session with Doug Escriva spinning onto the grass, which was still damp (think glare ice). His grassy journey was stopped by the front of his Healey meeting a concrete barrier. He says it will be repaired by the end of the year. Jeff Johnk experienced extreme bad timing to crest the hill before the turn five braking zone to see a sports racer (Lotus 23) spinning out of control in front of him. While he was pushing the brake pedal into the floor, the Lotus hit a wall - with body parts going everywhere. Jeff unfortunately found the entire nose section in front of him, which re-contoured his lower right shroud. Fortunately he wasn't injured. We saw in-car video, and it occurred about as fast as a deer running in front of a car... could not have been avoided. Tom Kovacs of Fourintune was there and supervised the repair of Jeff's car. It was determined to be o.k., so Jeff ran Sunday with very good lap times. We had two races on Sunday - a group race for cars similar to ours (very broadly defined), and a second race of cars with similar lap times. We were to be gridded in order of prior fast lap times (fastest in front). Due to a gross error on the part of the organizers, my lap time was listed as being 25 seconds faster than I had ever run - with the result being my car being put on the pole position.

Continued.....

# FALL FESTIVAL AT ROAD AMERICA

Continued...

I thought about telling them about it, but thought it would be my only possible chance to lead the pack at the start (or any other time), so I took the pole position. By the first turn at least twelve cars had passed me; and by lap three I was 22<sup>nd</sup>, which is where I should have been with my actual lap time. The good news was that Jeff Lombard was right there too. Although he passed me (must have been bad traffic in front of me), we raced 10-100 feet apart for the final four laps and had a great time. With the exception of Jeff Johnk's incident, our cars went back into the trailers looking the same as when we arrived - except for a few flattened bugs.

Paddock time: Lots of conversation, lots of snacks, lots of beverages of all varieties. If you have thought of attending a race, the fall is the best time - regardless of the weather. Ask one of the club members who attended for more details.

Racing season is over, so planning is already starting for winter projects.... and future races!  
Just about time to prep the snow blower!!!

Present...Enclave 2015....Healeys on Hallowed Ground

A Celebration of Two Great Healey Clubs

**SUNDAY EVENING: The Generals Lee & Grant Opening Night Welcome Reception**

The Opening Night Welcome Reception will be held at the new Gettysburg National Park Museum and Visitors Center which features the Gettysburg Museum of the American Civil War and the "Battle of Gettysburg" Cyclorama. Attendees will have exclusive access to this unique venue to kick off our week of "Healeys on Hallowed Ground".

The museum showcases an extensive collection of artifacts and archival materials and provides visitors with a perspective of the Civil War through the words of its participants, including Presidents Lincoln and Davis, Generals Meade and Lee, soldiers, correspondents and civilians. Through a variety of exhibits, interactive displays, films, and a host of research resources, you'll be provided a Civil War experience unlike any other. Hors d'oeuvres will be served and a cash bar will be available.

**MONDAY: The James Longstreet Battlefield Rally and Winfield Hancock Winery Tour**

Join us on Monday morning for a fun and scenic ride through the beautiful, rolling Central Pennsylvania countryside including the historic battlefield. You'll be challenged to answer questions that will be both educational and entertaining for seasoned veterans and novice conscripts alike. Be on the constant lookout for clues while navigating down Jeb Stuart's cavalry route or Joshua Chamberlain's 20<sup>th</sup> Maine Regiment's lane to the Little Round Top. After fighting through the rally route, join your comrades in arms tasting wines and cheeses at a beautiful local winery while trading stories about missed turns, that frisky ground hog that we all swerved to miss (or hit), and the advantages or disadvantages of Pertronix, Abarth, silicone brake fluid, and NOS windscreen wiper blades.

**TUESDAY: The Fields of Freedom Film and Jeb Stuart Guided Battlefield Bus Tour**

The film provides a 30-minute introduction to the Battle of Gettysburg's climactic action told from the perspective of the soldiers who fought the battle. Fields of Freedom provides the perfect preamble to a guided bus tour of the battlefield. The two hour tour will be led by licensed National Military Park Guides who will provide detailed insights into the varying challenges faced by both armies' leaders and their courageous troops. You'll have ample time afterward to further explore specific sites of personal interest in your Healey over the Hallowed Ground.

**TUESDAY EVENING: Picket's Charge VCR, John Buford BBQ & George Meade Charity Auction**

Fierce fighting recommences at the hotel with the afternoon Valve Cover Races. Friend and Foe will then reunite at the BBQ where the likes of Old Pete and Curly would be envious of the chow and fix'ns. After the hearty meal, celebrate with the victors of the Rally and VCR events at the awards presentation. We'll then start the popular live Charity Auction featuring famed auctioneer Alex Tricarb. Enjoy post dinner repast, refreshments and laughs while bidding to win some incredible Healey memorabilia, car parts and other treasures while contributing to a very worthy cause.

**WEDNESDAY: The George Custer Car Show & Jubal Early Go-Kart & Miniature Golf Competition Social**

The cars will be go on display today, bright and shiny in all their glory. Who will be awarded their hard earned Medals of Honor? With cars coming from near and far, feast your eyes on a field of dreams. After the show, you can show your true colors in a hot rod go-kart competition or miniature golf tournament. Come join the troops, pitting chapters and regions against each other in the quest for victory. Gourmet ice cream will be served.

**THURSDAY : The John Gibbon Gymkhana, Elon Farnsworth Funkhana & Mrs. Grant's Ladies Event**

A day of heated competition, laughs and entertainment. Give your Healey a chance to prove its mettle as a true war horse amongst the ramparts of orange cones, requiring precise maneuvers in the Gibbon Gymkhana. Join in the fun at the Farnsworth Funkhana where you can show the troops how it's done in your regiment. After the fierce fighting is over and prior to our ending ceremonies in the evening, the ladies are invited to participate in the more genteel activity of exploring period fashion from top to bottom. Come and have fun while we discover the layers necessary to dress like a lady in 1860. Assorted scones w/ fruit spread, coffee cake, assorted fresh fruit & berries, coffee and tea will be served.

**THURSDAY NIGHT: The Blue & Gray Awards Banquet**

The Awards Banquet will provide an end-of-week opportunity to recognize those who excelled (or were just plain lucky!). In addition, we'll celebrate our week together and be entertained by a presentation from our Special Guest.. The dinner menu includes a selection of chicken, fish, or pork. (Cash Bar).

## Adopt-A-Highway and Get Free Lunch Oct. 4

The second of MAHC's two Adopt-A-Highway clean-ups for the year will begin at 9 a.m. Saturday, Oct. 4 when we meet at Veterans Highway Roadside Park on U.S. Hwy. 61 - just above Lake City, Minn. Once everyone has had a chance to "rest" at the modern facilities, we'll go north one mile to Villa Maria Roadside Park to distribute safety vests and garbage bags.

Due to unanimous action by the MAHC Board of Directors, those who collect roadside litter will receive a free lunch for representing the club in this civic activity.

If it's raining and you spy no one at Veterans Highway Park or Villa Maria, check for the crew at The Whistle Stop Café in Frontenac Station just north of our two-mile highway stretch, where we'll wait for weather to improve while having breakfast.

Unless rain makes breakfast a priority, after the pickup is finished we'll adjourn to a nearby eatery for lunch. Look forward to seeing you at Veterans Highway Park Saturday, Oct 4. The more the merrier and the quicker we'll complete our ninth year of highway clean-ups.

*City Lakes Tour Sunday October 12 9:30AM*

This is an inter-city Sunday drive begun a few years ago by Greg Lauser and Dale Martin. It will be a drive along the Mississippi River, then onto parkways leading past the Minneapolis lakes (with some neat homes). We will drive Minnehaha Parkway east to St. Paul again to go down Summit Avenue. It is a 30 plus mile route that will begin in St Paul, travel through Minneapolis, and wind up back in St. Paul at Joseph's Restaurant, just south of the Wabasha Bridge.

Assembly point will be at Overlook Park west of the former Ford Plant on East Mississippi River Blvd. just south of Ford Parkway at 9:30 am. Join us for the drive (a lot of people wave at us while we go by!), and then for lunch at Joseph's in St. Paul (a lot of jabbering goes on there). Looking forward to you joining us!
