President Dave Hatzung's
Very Presidential Column

July and August have been busy months for our club. It seems like there is something we can do practically every week. This past weekend is a great example. My wife Mary and I left our home this past Sunday a bit before 11, heading up to Carlton, MN to attend the **Ambli Norske Picnic**. We arrived at a little after one... and I did not get any speeding tickets! It was a great turnout – over 30 people. Although there were some pretty sweet cars there, the only members that drove a Healey were **Diane & Geoff Rossi**. Congrats to them!

The Steaks were barbecued by our resident club gourmet chef. Yes, you guessed it - **Mike Lynch**. Potatoes and side dishes complemented the main entre, and **Sandy** and **Eileen** served the dessert -Ice Cream Sundays of course. Getting back to my point about there being a lot to do, Mary and I said our thank yous and goodbyes and headed back to the cities.

We wanted to attend the “Mt. Olivet Motorheads Car Show” which started at 6. We made it home, parked the Jag, hopped into the Healey, and made it to the show by about 6:20.

This brings up another point. *You meet the nicest people at car events!* We get there, and who do we see but **Dan Powell** with his infamous Jaguar. It is shifting better now than it ever did, after coming down with tranny problems at **Daphne and Dave Herreid's** pizza party a couple of weeks ago.

Another nice person we met was **Gib Severson** and his son **Karl** (forgot to ask if it was spelled with a K or a C). I'm looking at this really cool “Rat-Truck”, and I start talking to **Gib** and **Carl**. It was their vehicle, and they and a boy scout troop built it (Gib was the Troop leader). Turns out that this group was the one my nephew **Andrew** was in. He was the one that got married in Utah the same weekend as Rendezvous (so it was his fault I missed that; but besides a beautiful wedding, we got to tour Zion National Park, which was amazing)...small world.

If you want to see some nice cars from that show, check out;

Very Presidential Column ... continued

OK, so back to there being a lot of car opportunities - I get a call from **Gene Berghoff** adding a new Jag to his policy. He bought another XKE - this one painted up like the British flag XKE in the **Austin Powers** movies. So he asks me where the Healeys were Saturday, as the "Royal British Car Show" was being held. I apologized for missing that; and knew I better get my "outlook" updated, so I don't miss another car opportunity. Now, that was three events in one weekend!

I mentioned the **Herreid** Pizza Party two weeks ago. Well, last weekend was "the New Brit Fest" in Hudson. Our club had a very good turnout there, and I don't remember that **Gene** made it to that. So, we're even **Gene** – you missed something too! Back to the busy schedule. This coming weekend on Saturday, the **Hatzung Brothers Racing Team** makes its first appearance at the "Amery Airport Run" with our new "kind of rat-roddy Sprite". According to **Phil and Stefanie Dawson**, these cars drive like a go-kart...I can't wait! Hopefully the weather will cooperate. If it doesn't, the Amery thing will move to Sunday, which conflicts with the "Intermarque Picnic". Then it starts all over again in September. So, start coordinating those calendars now so you don't miss any of the action or the nice people you can meet.

On another note, in a few months when the car thing slows down, I'm planning on writing an article on the "MPC", that's the Minnesota Prius Club. If you'd like to contribute, email me your ideas about what their club does for fun. Maybe their tech sessions are about "can I use a regular extension cord to recharge my car, or does it have to be a 3-prong plug". I'm sure **Tom Politiski** will come up with some good ones.

Take care, Mario Andretti Hatzung

P.S. Between the time I wrote this article, got back to proof reading it and sending it to Gary Ronning, we discovered the Spriterod has a bad head gasket. Thus I will miss the Amery event. Now I know how our racers feel when something goes wrong with their cars...bummer.

The Presidents Informal Evening

By Scott McQueen and Dave Herreid

At 7:05 President Dave Hatzung called the meeting to order amid noisy Healey chatter, a.k.a., the social hour. The room quieted. Suddenly El Presidente's libation was delivered. Ever the professional he continued with the meeting, knowing that only after announcing "meeting adjourned" would he tend to it. This might be a short meeting.

No guests or new members were present.

Recent Events

- Steve and Sue Greenways Party (July 8): Sir Rixen led a group over hill and dale to the event. Sir Rixen then led a tech session on front suspension theory, components, and possible modifications. Steve Greenway followed with a tech session on metal shaping, showing both the Italian method (by hand) and the English method (English Wheel). Sue provided a wonderful meal including a cake celebrating Greg Willodson's birthday. Met a reclusive MAHC member.
- AHCA Conclave in Waco (July 9-14): No MAHC members attended. (Texas in July makes me think of "The Devil's Anvil" in Lawrence of Arabia.)
- Scottish Fair and Highland Games (July 15): Gary and Eileen attended, enjoyed watching the Highland games, and brought #202 (Healey race car) to exhibit at the car show.
- Mike and Gloria Lynch's Mexican Fiesta (July 16): Great food, fun company, and lots of cars to ogle.
- Races at Road America (July 20-23): A newsworthy event was that Eileen Wetzel won the Contours Award (to understand the maneuvering to achieve such an award you will have to come to P.I.E. or ask Eileen).
- Stine / Martin Picnic (July 22): 48 attended and ate fabulous food; rain occurred briefly, but did not dampen the festivities.
- InterMarque Picnic (July 30) 6 or 7 Healeys (Daphne and I are arguing whether it's "Healeys" or "Healeies"...I let the English Major win this one) from the MAHC made it to the event; those who attended had nice time.

Continued....

PIE continuing...

Up Coming Events (Note—the ice in El Presidente’s drink is starting to melt)

- Walmer / Herreid Pizza Party (Aug 5); Sir Rixen will lead a group to the Afton party, starts at 3 pm.
- BritFest (Aug 12), starts at 9 am. Dick’s Bar is control central.
- Fred and Sandy’s Norwegian Picnic (Aug 20—note it’s on Sunday this year).
- 13th Motorheads Show (Aug 20 @ 6p.m. at Mt. Olivet in Minneapolis): a Nordic Surf band will be playing. Talk to El Presidente (Dave Hatzung) for more information.
- Amery Airport Run (Aug 28): You know the basics...help if you can, talk to Greg Willodson for details. Special Guest Tom Hazen will be present; come worship the Master of All Things Fast!
- InterMarque Picnic (Aug 27 @1:00 p.m.) at Cherokee Park in St. Paul.
- Waumandee Hill Climb (Sep 22-24): Registration is open. Tom Hazen is looking for volunteers; they get a sweet deal.

MAHC Status Report

- Membership: Jim Kriz called in the new tally of 91 members.
- Treasurer: Steve Greenway is surfing in Maui; he says we’re doing just fine.
- Video Librarian: Jeff Johnk and the library are not present, but he is probably working on getting more speed from his car while you’re not.
- National Delegate: Eileen Wetzel heard Waco was very warm.
- InterMarque Delegate: Suzanne Willodson, see IM picnic on the 27th.
- Regalia: Gary Ronning has deals on caps, first aid kits, and flashlights - all from this year's Rendezvous in Grand Rapids.

President Hatzung adjourned the meeting. I noticed that he then looked down to his glass filled with what appeared to be water and an olive at the bottom. I thought, “You can’t always get what you want, but you get what you need!”

Notes taken by Scott McQueen and loosely transcribed by Dave Herreid.

The New Brit Fest was held in downtown Hudson Wisconsin again this year. The weather was cooperative, and a nice turnout of people and vintage British cars were present to enjoy the day. The show went from 9:00 am to 2:00 pm, so there was lots of time to enjoy the many restaurants and shopping opportunities in Hudson.

There were several awards presented at the end of the show. The local Big Brothers/Big Sisters Charity was selling tickets, which were purchased by the attendees and deposited in the plastic containers in front of each car. Naturally people were encouraged to be "generous" ! The Healeys did well. Bruce Hetrick and Fred Ambli tied for First Place and longtime Healey member Dave Meek came in Third Place with his beautiful XK150 Jaguar. Congratulations to all ! By June Moerke

August 5th Pizza Party On The St Croix

By Geoff Rossi

Do you like “gourmet” pizza? Are you unsure of what they are? You could have found an answer to both at the Herreid’s retreat on the St Croix on a perfect August afternoon a few weeks ago. For those who were there last year, you know the setting. A property Dave’s dad bought decades ago. Daphne and Dave have been putting a lot of love and care and sweat equity into it over the last few years making it just a fantastic place for this type of Healey Club social.

They have had a brick oven constructed and have taken classes on proficiency. A wood fire was begun in the early morning hours to heat the brick to the internal temp needed. The wood of availability for Dave is buckthorn. He has an endless supply after spending an entire summer clearing it from the underbrush on the hillside that borders the road in.

Early in the week Daphne put together the batter needed. When asked, she said twenty-six dough balls were prepared; and, in the end there were only nine left. Those would become bread loaves while the oven was still warm. Each dough ball was flattened into a 12” disc. Many toppings were prepped into bowls for the creative process about to begin: artichoke hearts, capers, sausage, basil, pepperoni, pesto, marinara sauce, prosciutto, grated parma, and fresh mozzarella, olives, sun-dried tomatoes, jalapeno, mushrooms, plus more. You get the idea.

The routine begins when Dave declares the oven ready. Then pizza construction starts. You have a blank pizza disc – a canvas – and all those toppings in front of you. You get creative. Once you have it ready Dave puts it on a metal spatula and slides it into the inferno. Four minutes later, out comes your masterpiece. Put on the wood block, cut into thin slices and sampled by everyone. Just about that time another pops from the bricks and is landing on the cutting board. Phil Dawson was there to slice and make comment. Every pizza slice, whatever combination of ingredients, disappeared quickly. There were a few take home pieces at the end from sheer volume. Everyone had brought something. The table on the porch was covered with salads, snacks, appetizers and desserts. Wine and cold beer and other beverages were there to be enjoyed.

During the afternoon many wandered the stone path to the riverside to sit for moment on a “grandfathered” deck mostly hidden from boaters. It is a peaceful spot for a soft chat, a glass of wine, and watching the parade of activity on the St Croix. At one point there was a threat of rain with darkening skies. Some headed to parked convertibles to raise tops noting that there were many more Jaguars than Healeys. The rain didn’t happen. But, a very pleasurable social/dining experience, the type our club thrives on, did.

What are “gourmet” pizzas and do you like them was answered this afternoon. You even had the opportunity to build one or two. None of the three-dozen culinary experts present could find fault in any single offering. If you were not here, you can only hope that Dave and Daphne offer this up again next year. They did a most wonderful job.

Dave Herreid and Daphne Walmer's Pizza Party at their beautiful home in Afton!

By Cheryl Rademacher

In spite of a very few rain clouds threatening the pizza making, a few dozen members turned up at Dave and Daphne's beautiful home in Afton on Saturday, August 5th. Steve Rixen led a group on a scenic tour, and others came on their own accord. Many great conversations took place on their deck, at tables and chairs set near their beautiful garden, on the deck overlooking the St. Croix River, and by the beehives where Dave and Carl Stine discussed the intricacies of beekeeping.

Twenty-four pizza crusts were rolled out and toppings were prepared. Daphne explained the assembly process and Dave manned the wood fired pizza grill. Quite an assortment of toppings were available to choose from, the usual pizza toppings, and the more exotic including anchovies, figs, goat cheese, prosciutto, basil, and flavored oils. It took longer to decide what toppings to add to each person's creative pizza than it did to fire them up in the wood fueled pizza oven. After cooking, the pizzas were delicately carried to the pizza table where they were enjoyed by anyone passing by. Salads and desserts were brought by those attending, so as usual, no one walked away hungry!

It was a beautiful afternoon hosted by Dave and Daphne and enjoyed by Healey enthusiasts!

How about that – two Reports ! Ed.

Norske Picnic

Editor

Sunday was a beautiful day to drive to Carlton, MN for the annual Ambli Norske Picnic. Fred and Sandie and assistants all had their new Norwegian shirts on to remind us of the “old country”. The drive up was busy on the highways, but the leaves have not started to turn yet. Lots of people were pulling campers, so it looked like the last trips before school starts.

All was ready when we arrived. Snacks & refreshments were available, and Mike Lynch was busy cooking great looking steaks on the barbecue. There was a good turnout of members, and people were conversing while enjoying the beautiful area around the Ambli home in the woods. Did not see any bears, but the birds were doing their last chirping before heading South.

The main food course was served with appropriate accoutrements – all delicious. Later, ice cream, brownies, and many toppings were available to top off the meal. People lingered and conversed before eventually heading for home. The day was wonderful, and big thank you goes to Fred, Sandie, and helpers for a very enjoyable event. Who knows – next year it may be held in Norway !

Attendees: Spencer & Donna Angel, Phil & Stefani Dawson, Dave & Mary Hatzung, Rose & Jim Klein, Gloria & Mike Lynch, June & Tom Moerke, Chuck & Jean Norton, Gary & Barb Ronning, Jeff & Diane Rossi, Karen & Jeff Sartell, Betty & Carl Stine, Gary & Eileen Wetzel, and Greg & Suzanne Willodson.

Happy people.....along with Dave, Gary, and Fred

Amery Autocross and Speed Run XXI

It was a great day in Amery, made better by the fact that Tom Hazen was not on a race track somewhere driving supercars. He was right here with his Sprite. There were a couple rain showers, but overall, it was comfortable and dry. Running on Sunday cost us a few drivers (and volunteers) who were suddenly double-booked, as Corvettes of Minnesota (COM) also held their autocross on Sunday.

Heidi Halverson, the only volunteer who doesn't absolutely despise the magnetic leader board, had to work at the COM event. Other volunteers (five or six of us?) did their best to manage the magnets for what is hopefully the last time. Advances in technology shall soon seal their fate!

As usual, our awesome participants grabbed radios and yellow vests, and manned the corners when needed. We are so grateful for the help that we get from Healey Club members for this event; it wouldn't happen without you!

Fifty drivers completed 224 passes.

Jeremy Fohrenkamm finished first, with a time of 40.547, in his highly modified Triumph Spitfire.

Tom Hazen came in at the 18th spot with his Sprite, with a time of 45.206.

Phil Dawson was right on Hazen's heels with a time of 46.019, taking the 22nd spot with his Sprite.

Eileen Wetzel and Steve Rixen took turns with Eileen's car, with fastest times of 48.701 and 46.790, respectively.

Rick Vietts didn't set any records with his 1966 MGB, but it was great to have him out there enjoying his vintage car!

A big thank you goes out to the following people...

Tom Hazen, Tom Moerke, Jay Griggs

I don't know the full event history, but I do know that these guys built it and made it all possible.

Steve Shogren

Steve always comes through at Amery! A true utility player, Steve worked entry gate, magnets, and corners.

Stef & Phil Dawson

Team Dawson! New brakes, took lots of photos, helped at the starting gate, corners, lots of very impressive laps, grenaded the new brakes, helped with cleanup.

Dave Herreid

Dave came out on Saturday night to help set up the course, then came back to work corners most of the day on Sunday. No time to drive the course in his Healey ☹

AJ Simon

AJ came out to help set up the course, worked end zone all afternoon (with his assistant Lexi T-Dog Willodson), and helped with cleanup

Eileen and Gary Wetzel

Despite an already hectic weekend, Gary and Eileen made the trip to Amery, and provided much needed assistance at the starting gate for most of the day.

Steve and Kim Rixen

Steve worked corners for most of the day, and Kim worked all morning at the end zone. Steve managed to get in some very quick runs in Eileen's Healey.

Ryan Thompson

Worked starting gate, graciously showed up with automatic timing gear (new timing equip. coming soon!)

David Burman and Tyler Hoffman

Drove all the way from the Milwaukee area to work at radar all morning. Thanks, guys!

Suzanne Willodson

Registration, conducted the drivers meeting, starting gate, timekeeping, *&#^#^# magnets.

Tom Hazen

Tom helped set the course on Saturday night. The crowd cheered when they saw Tom on Sunday morning! Positive vibe, cone dance, radar all afternoon, got in a couple of laps in his Sprite, cleanup.

Drivers – too many to name, chalked the course and helped out as needed at corners

Jess Meyer, Merlin Schwaiger, Dean Borris, many, many others...

Jon Cumpton brought his fantastic 1965 Chevy wagon. Some Healey Club members may know Jon. A few years back, he miraculously survived being steamrollered in his Morgan!

GREAT Classic Car and MotorCycle Show

(now known as) **"Cars and Caves"**

First Saturday of each month at the AutoMotorPlex in Chanhassen.
8 AM to 12 Noon ---- Rain or Shine.

Each month there's a different charity involved working the show which gives us all an opportunity to help people in need, and to do it while sharing our passion for Classic and Exotic Cars and MotorCycles with the public. The Caves (unique garages) are also fun to see.

The different charities provide the manpower to conduct the "Cars and Caves" show, and in return they are able to collect "FREE WILL" donations for their specific organization. Any donation, ***or none at all***, will get you through the gate. In July the Shriners worked the show, and in August The Childrens Cancer Research Fund (CCRF) was involved. Going forward we have many more charities that have volunteered to assist on putting together a great show.

Any questions call Gene Berghoff -- [612-298-5648](tel:612-298-5648). We'd love to see YOUR Classic or Exotic Car and/or MotorCycle at the next show.
