President's Column

Welcome Spring! I'm sure most of us have our cars out and hopefully running smoothly. I'm in the small percentage of Healey owners that love to drive but are nincompoops when it comes to fixing them or working on them in any form. I used to do stuff, but don't even feel like changing the oil anymore, but that's my problem, and one I just must work through myself. Fortunately, I know a couple of mechanics who do good work, and I can depend on them to get my car ready for spring.

Unfortunately, I just found out I have some delayed maintenance that is catching up to me. For a car that's over 50 years old (my 1967 3000) needs brakes all around and kingpins, and a few other things that I think I better get done. Despite all that, it's been an unbelievable car. My dread is that when I take it out, that I hope I make it home, and I always have! My friend and club associate **Steve Rixen** has always said "just drive it, that's what they're made for – they're tough little cars." On one hand, he's right, but if I'm out with my car and it breaks down, I'll have to call Hagerty or AAA, Steve can probably fix his. No offense Steve, "just saying." You're fortunate to be so talented and patient.

Which also brings up another point, which is all the talented people we have in our club. From the racers to the everyday drivers, we've got a great group of club members – too numerous to mention.

With that being said, we've also got a lot going on this summer. **John Hatzung** (my brother 😊) , plus numerous other people have the DCTC Autocross dates set, so don't miss that opportunity to get out and race your cars in a pretty conservative, yet great opportunity to track day your vintage car! Also, Spring Kick Off in Osseo is Saturday May 20th. Other fun times on Saturdays are Cars and Caves at the Chanhassen AutoPlex. Britfest in Hudson on August 12th is a fun day also.

So rev your engines guys and girls and get out there and have some fun in your vintage cars.

Healey On!

PIE Meeting Notes, 03 May 2023

by Daphne Walmer

VP John Hatzung opened the meeting in Dave Hatzung's absence by welcoming new members Annie and Malcolm Johns. They have a Factory 100M (with the slanting windscreen), which Malcolm inherited from his dad.

UPCOMING EVENTS

Intermarque Spring Kick Off Jay Jacobson reported there are 10 slots for Healeys. The featured cars this year are racecars (although many may be a Road America racing that weekend.) As usual, the event will take over downtown Osseo. Last year more than 300 cars were there. The event is for all old foreign cars. Show up at 9:00 AM. They are going to do a Tech Session where cars can be checked and certified them as safe to race for the year. This year some antique motorcycles are coming.

Road America is also a nice trip. Visitors "have to" go to the Thorpedo, a café that's been there since the 40s. It's on the north side of the street. Cheese is on the south side. May 18-21. Many of the cars are faster than when they were new. They have a Concours afterwards, which requires dressing up.

Rendezvous will be June 8-10 in Ashland WI. This year it is sponsored by the Triumph Club. Car clubs from Winnipeg, Thunder Bay, and all the Minnesota clubs are invited.

MAHC sponsored Track Day will be June 24 and Aug 4. It's a low-key track day at Dakota County Technical College, which has a small one-mile racing track used for training police, truck drivers, etc. One car is on the track at a time, doing two laps. Rosemount. Each car can get 5-7 runs if they want. Not like a Metropolitan Sports Club event; it's more like a party with cars. John asked if anyone is interested in doing food, but with no responses he mentioned doing box lunches.

Intermarque Picnic: The topic arose about whether the Healey Club will host a picnic in the park? Participants bring something to eat and something to share on the last Sunday of the month. Four-year road repair and reconstruction has meant we had to be in the flood plain rather than in Cherokee Park, so along with COVID restrictions there haven't had nearly as many people. We don't have to provide food. We used to do the June event because it was June 30 and Don Healey's birthday was July 3. People reminisced about the Pimm Cups the Willodson's used to bring.

Attendees: John Hatzung, Jay Jacobson, Jeff Johnk, Malcolm and Annie Johns, Jeff Lombard, Scott McQueen, Dan Powell, Rich & Liz Stadther, Carl & Betty Stine, Daphne Walmer, Clarence & Kate Westberg, Gary & Eileen Wetzel, and Greg Willodson.

A Window of Opportunity

by John Hatzung

Clear, crisp midsummer dawn in western North Dakota, I-94 sweeps across the high plains. Westward bound my lime-green 1967 Ford Galaxy two-door Fastback, long and lean. Four guys and a trunkful of backpacks headed for the East Rosebud trail in the Beartooth Mountains. I was at the wheel, having slept remarkably well between Fargo and Mandan, where we gassed up. A keen edge feeling came with the low sun lighting the first truly western landscape, and I followed the car's shadow dead straight toward the distant vanishing point. Mark and Greg were asleep in the back seat; Jim rode shotgun.

The Galaxie 500 two-door Fastback evolved to cruise the new freeway system. The 390 CID engine with a two-barrel carb came up to speed reasonably well and loped along happily at Interstate speeds—it had long legs and got decent mileage for a big block. The sun comes up early on those long northern summer days. At 5:00 a.m. on that Saturday morning, the Peterbults and Kenworths sat in the truck stops and rest areas. Farmers, crops in the field, were still in bed or drinking coffee and reading the paper.

I gazed down the empty road, gave the gas pedal the slightest pressure and glanced down to see the red needle swing slowly across the horizontal line of numbers past 75. A little more pressure moved it across the 80 mark, and I glanced over at Jim. I added throttle and the car seemed to tighten and slightly lift between 90 and 100. I kind of sensed Jim's level of awareness was also becoming elevated—as was mine. By this time my foot was on the floor and the needle moved beyond the 110 mark. At this end of the 60's-style gauge the actual speed indicated was pretty vague, but I wasn't paying much attention to that as I was focused on the general instability of the car and maintaining direction. The car now felt loose and on the verge of control, so I lifted my foot.

Jim relaxed and took his hand off the dashboard as the car settled into its familiar cruise mode. By this time Mark and Greg were conscious, and we talked about getting gas and breakfast in Glendive. The little old ladies at the truck stop there made killer breakfast burritos.

Ambli car loaded for Oslo, Norway

Fred and Sandi Ambli watched as their red 1967 Healey was prepped for loading into a shipping container with five other Healeys to travel to Oslo, Norway, for a four-week tour through Scandinavia. The trip includes a week-long European Healey meeting in Geiranger, Norway. It will take about six weeks for the Healeys to

make the journey from Savannah, Georgia, to Oslo, Norway, on the ship MSC Joanna. It will take another six weeks or so for it to return to the states after the great adventure in Europe.

Here's a link to a driving video in Norway, for those who'd like to salivate at the thought:

Best of luck, Fred and Sandi!

Intermarque Spring Kick Off

The 2023 Intermarque Spring Kick Off is coming soon: Saturday, May 20, 2023. The show will again be held in Osseo, Mn. We start loading cars into parking spaces at 8 AM, and the show runs to 3:00 PM. The Minnesota Austin Healey Club has donated space for 10 cars.

The featured marque this year is the Vintage Sports Car Racing group, and cars will be trailered to the parking lot of Premier Bank, on Central St. Once unloaded, cars will be moved two blocks away to the front of the Osseo City Hall, where the first VSCR safety check of the racing season will be performed on each participating car. That should be a crowd-pleasing event! Directions and maps can be obtained from Steve Nichols, Rich Stadther, or Jay Jacobson.

Donations of non-perishable food or hygienic items are requested for Cross Services, which will be collected in barrels by the registration table. (If you forget, items can be purchased from Dean's Grocery Store on Central Avenue, after you park your car). The Girl Scouts will again be selling tickets for visitors to pick a "People's" Choice award. The Intermarque Spring Kick Off is a family event, and I look forward to seeing you there.

1967 Sprite for sale. California body on a rotisserie now. Included is a Datsun 5-speed transmission hooked up to a 1275 that Ernie West rebuilt, with the head and carbs flowed, punched out to .60 over. This ran great in my prior 1969 Sprite. Lots of spare parts, and two MG Midget parts cars. \$7000. Contact me at healemog@yahoo.com Tom Politiski
