President's Column

What a great summer it's been ... but wait a minute, it can't be over already, can it? Well, so much for "the significance of the passage of time," but I won't get into the significance of the passage of time and how the passage of time passes over time, that's a whole other story written by someone else. 😊

This summer I, and a significant number of other car people, had a great time at **John Hatzung's** DCTC Track Day...the 2nd Annual track day! I thought last year was a blast, but **John** and his committee made some changes, and it got even better. The twice around the track each time was the big difference. Thanks to each of our members who helped with that – it was a total club effort for sure.

The Fall is one of the best times of the year to drive our Austin Healey's, so be sure to get out there with your car and take a "Fall Tour." The temperatures are just perfect, and the heat from the engines becomes more bearable, in fact, even welcome sometimes. Here in the north, we love the fall color tours. Pretty hard to beat Minnesota at this time of year. Had a great day at the Edina Rotary car show, and I brought my Healey to it. The only other MAHC member there was **Gene Berghoff** with his '56 100 LeMans. There were over 100 cars plus hundreds of spectators, and it was a very diverse collection of cars, from antique/classic to new super cars.

You can also start your planning for 2023, as it was just announced the AHCA Conclave will be held May 21-26 in Crystal River, Florida. Crystal River is just a few miles north of Sarasota where **Jeff Lombard** "winters."

It's never too early to start our planning for next year, so if you're interested in being on the board or holding an officer position, be sure to let me know. 😊

I hope to see you all at the next PIE meeting October 5th.

PIE Meeting August 3, 2022

1. Recent events:

- a. Road America Midsummer Vintage Races – The Minnesota Healey Club was a notable presence on and off track with 6 race cars and 4 show cars under a large tent shared with Tom Kovacs/FourinTune. Unique among the marques, MAHC is the only group that welcomes kids to touch and sit in the cars. Jeff Johnk and Eileen talked about the impact this experience had on both the kids and themselves. Inspiring and memorable stories.
- b. Dave Hatzung reported on the Chanhassen Autoplex Open House, graced this year by some beautiful big Healeys.
- c. June Moerke reported on the Intermarque Picnic.

2. Upcoming events:

- a. MAHC DCTC TRACK DAY – Friday, August 12
 - i. John Hatzung noted that the track day, like last year, is intended to be a social as well as driving event, with untimed touring laps for show and cruising cars and a grilled lunch. Entrant number is looking about the same as last year.
- b. Motorhead's Car show August 22, 5-7 pm, Mt. Olivet LC West Campus
- c. Wetzels will host a tour and after-party on August 20
- d. The Waumandee Time Trials are September 23 – 25. Clarence (if his car is ready) and John Hatzung will represent MAHC this year.

3. Next meeting: Wednesday, September 7, 2022

Attendees:

Dave Hatzung, John Hatzung, Dave Herreid & Daphne Walmer, Jeff Johnk, Greg Lauser, Jeff Lombard, Jim Manion, Scott McQueen, Tom & June Moerke, Dan Powell, Jeff & Diane Rossi, Clarence & Kate Westberg, and Gary & Eileen Wetzel,

Walmer/Herreid [Create Your Own!] Pizza

Sat, October 1, 2022, 2 p.m. - ?

16530 Swede Hill Drive, Afton, MN 55001

RSVP by Tues Sep 27

(so we know how many crusts to make)
to daphne.walmer@gmail.com
or leave a message at 651.398.3658

Optional: bring an appetizer, salad, or dessert to share.

The outdoor oven will be fired up. We will prep the crust and pizza ingredients, and serve soda, water, beer, wine, and gin and tonic.

Directions to Herreid Cabin

NOTE: GPS systems bring you to the top of the driveway.

From south Minneapolis or father west:

1. Take I-494 east to Maxwell exit. Turn left at the intersection.
2. The road will make a big U past Hwy 61 and I-494. Stay left as the road becomes Bailey Road. Follow Bailey several miles.
3. Right on Trading Post Trail.
4. Left on 50th.
5. Right on Quadrant.
6. At a locked gate to Afton State Park, the road turns left and becomes 53rd and later Swede Hill Drive, which winds around.
7. Keep going past the increasingly shrill signs saying Dead End, Turn Around Now, etc.
8. At the end of the asphalt road, you'll come to a house overlooking the river on the top of the cliff. A private blacktop drive on the right says Back Acres. A partially hidden gravel drive on the left has the number 16530 and a Herreids sign. Take the left onto this drive.
9. When you get to the bottom of the hill, the cabin is on the left. It's okay to park down at the cabin or in the turnaround beyond it.

From St. Paul:

1. Take I-94 east toward Wisconsin.
2. Manning Road exit and turn right (south).
3. Left on 50th.
4. Go to step 5 in directions in left column.

From Wisconsin:

1. I-94 west from Wisconsin.
2. Exit Stillwater/Lakeland (first exit after the bridge over the St. Croix River).
3. Left (south) toward Lakeland, through 3 roundabouts.
4. Keep going straight ahead through Afton.
5. At the south edge of Afton, you'll come to a Y intersection. From now on you'll take all left turns.
6. Go left onto River Road (not right onto 21).
7. The road goes along the river, and then turns right and goes up the hill.
8. When you come to the top of the hill, turn left onto Quadrant.
9. Go to step 6 in directions in left column.

Director's Notes:

by Dan Powell

Time is a funny thing... sometimes it seems like life is moving in slow motion, and other times it's hard to keep up with the realities of life. For me, I just realized that having been chairman of our club board of directors for almost three years, that I hadn't written anything board related for our newsletter ... which maybe is a good thing.

Shortly after being elected to the board, and being named chairman by the other members of the board, Covid arrived. I am not aware of the club losing any members to Covid, probably because we have always taken precautions when taking our Healey's for a drive. One obvious effect was to put the binders on club activity. With vaccinations, boosters, masks, etc., it looks like we are rapidly approaching "new normal." This year has seen strong attendance at our monthly meetings, and we have begun to hold track and social events again. August saw our second annual track day and a very well attended drive and lunch at the Wetzel's. October is scheduled for a pizza party at Dave and Daphne's cabin on the St. Croix (the site of my infamous Jaguar "failure to proceed" incident a few years ago), and in November, our annual holiday banquet, ending the year with a December planning meeting.

You may have noticed that our club has functioned throughout the pandemic without any obvious drama or coup attempts. I feel it is due to the dedication of our club officers, committee members, and event organizers. It may seem like a well-oiled machine, but it happens because of these people and those who stepped up to take some of the burden when asked.

As mentioned earlier, we have an election of officers as a part of our November banquet. Current officers have done a great job and may be willing to continue in their current position; others may want a break from the responsibilities or due to changing life situations. There are two openings this November for seats on the board of directors. The three remaining directors (Phil Dawson, Greg Lauser, and I) have one more year on our term, so the new directors won't have to dive into the deep end of the pool right away. So ... this would be a good time to consider volunteering to help shape our club as we go forward. **Please email me directly (dpowell45@comcast.net) if you are interested in being put on the ballot.**

October Cities Tour Postponed **by Jeff Rossi**

It is with a leaden foot that the brakes must be applied to the tentatively scheduled Twin Cities Parkway Tour planned for October 8. The weather surely will have developed into a most astounding fall day. It would have been a delightful two-and-a-half-hour drive beginning at the river overlook near Ford Parkway, onto West River Road to Plymouth Avenue in north Minneapolis connecting to Theodore Worth Parkway bringing us around the Chain of Lakes in south Minneapolis. Then following Minnehaha Creek back to Ford Parkway and down along East Mississippi Blvd, up Lexington through Highland Park and across the bridge for a late lunch at Joseph's.

It would be a wonderful drive through some of the highly scenic neighborhoods. We have not motored this route in half a dozen years and it was exciting to think we were once again going to parade the Healeys through town.

There are two unsurmountable reasons for not being able to make the run work out. One is presented by Hennepin County's construction on the 10th Avenue bridge near the U of M's West Bank. This one has a detour of several blocks, creating a serious difficulty in keeping cars together. The other is the Met Council's massive transportation project that has Cedar Lake Parkway closed at a critical junction near Lake Calhoun. There is no alternative route around this one for a group of cars trying to stay in line.

We can put this on the calendar at the planning meeting for 2023. It is a great excursion and an opportunity to display our cars with the many thousands along the route.

Looking for a New Body?

Rather than fixing the rust on my MGA, I thought of how much easier it would be to put on the Jamaican body.

August 12 DCTC Track Day Recap

by John

Hatzung

TEAM

Track boss	Greg Willodson
Timing	Suzanne Willodson & Merlin Schwaiger
Course	Dan Powell, Phil Dawson & Jack Hatzung
Hospitality	Lisa Hatzung
Managers	John & Dave Hatzung

For some of us last Friday was a white-knuckle rush-hour trip to Dakota County Tech in heavy rain under the dark morning sky, but at least we got to sleep in a bit after setting the start back an hour. When Dave Hatzung, Lisa Hatzung, and I pulled in the lot/paddock area, the sky and rain were beginning to lighten up. The happy sight of car trailers greeted us—some familiar and some not. We had more drivers—serious drivers!

We got to setting up the canopies for registration and timing as the rain diminished, then stopped completely. Dan Powell and Phil Dawson set the cones as Lisa and Suzanne Willodson set up the

check-in and

registration. A breeze came out of the south; the track was drying nicely.

Phil Schaefer and Scott Lybyer, filled in for big Healey club racers who couldn't make it (McQueen slaving away on his in the shop, Lombard's and Stadther's). It was great to have Andy and Derek Diesen join us with their evolving Sprite Mk II, now more potent with a Ford engine. Justyna Schmidt was fearless in her beautiful stock Midget. Dean Borris trailered his Birkin Lotus 7 down from Mora and probably had more fun

than anyone else on the track. Gary Davis' 1964 Dart certainly made itself known (more for its bark than its bite on the tight course), but it was good to have some American Iron on the track.

Eileen Wetzel honed her considerable track skills in her silver 3000, fast and serious and beautiful and fun all at the same time. Also-more-than-able were Brian Duoos' Jensen Healey and Merlin Schwaiger's Miata. Supplying Big Healey racing thrills (okay, maybe not thrills, but definitely excitement) were Steve Powell in Dan's 33 and Steve Rixen in number 55, who unexpectedly gave himself a carwash in the puddle at turn 8—that splash was kind of thrilling. Phil Dawson did a lap or two in that sweet little silver bug-eye.

Three generations of McCulloughs warrant their own paragraph. Led by Brian's MG-Q car, showing what serious torque looks like on the track, followed by Amanda, who aptly demonstrated the capabilities of her own little red Saturn. Once again, Dwight made his presence known in his Kia Forte S. Notable were Amanda's ride with Jeremy Fohrenkamm's legendary Spitfire/Honda after wondering if Jeremy was as crazy a driver as her dad (wouldn't surprise me if that was his/the fastest time of the day) and Jeremy's turn at the wheel of Brian's Special. The latter would be GoPro YouTube material.

Porsche owners are known to be attracted by pheromones given off by evaporated rubber compounds on tracks. This event was no exception with Willodson's Boxter, a Cayman and three, dare I say, Type A 911 997's with like drivers. They're fun to watch, but probably not nearly as fun they are to drive.

The track went hot about 11:00. Dave Hatzung ran the grill for a late lunch. It was 5:00 or so when a shower slicked up the track and ended the racing for the day. Most everyone made takedown easy. Greg and I left last and enjoyed beverages before heading home.

One thing that I really enjoyed was watching Greg and Suzanne Willodson running the event and the great support provided by Dan, Phil, Dave, Lisa, Merlin, Jeremy, and Eileen. Focused and relaxed at the same time, it was an event that met the needs of a range of car people who all wanted different versions of the same thing—to have fun with their cars. We've talked about re-branding this as more of a show event, but it was obvious that none of the participants were there to be static, and that worked.

Instructions for joining the Minnesota Austin Healey Club:

MAHC “local only” members:

For MAHC “local only” members, the National Club (AHCA) has increased their insurance surcharge by \$5.00. That means the **new renewal price is \$30.00** this year, up from \$25.00 last year. Everything else remains the same.

1. Get the Membership Renewal form on the next page of the Nov/Dec 2021 *Healey Enthusiast*, or
 - a. Go to the MAHC website at <https://www.mnhealey.com/>
 - b. Click on **Membership**.
 - c. Scroll to the bottom of the page.
 - d. Click on **Membership Form 2022**.
2. Print and fill out the form.
3. Enclose your check for \$30.00.
4. Mail to Jim Kriz at the address on the form.

MAHC/AHCA (local and national) members:

For MAHC/AHCA members renewals be different, but hopefully easier. You will no longer receive paper renewal invoices.

The Austin Healey Club of America (our governing organization) implemented a new and powerful internet tool for managing clubs and associations called ClubExpress (CE). As part of that program, you will have a new **username** and **password**.

You should have already received an email from the Austin Healey Club of America with your new username and a temporary password, and another telling you to go to the website to renew your membership. Below are detailed instructions:

1. Go to <https://healeyclub.org>
2. Click **Join** and then on **Click here** on the part of the screen shown below:

Already a member? [Click here](#) to login and renew your membership.

3. Log in using your new username and password. The first time, you can change the password to something that is more intuitive. Save both to a safe location.
4. In the upper left of the screen, you should see your name and a red dot. Click on the red dot.
5. Follow the instructions on the screen. Note that you have an opportunity to add information for secondary and/or tertiary members, such as a spouse.
6. On the Payments screen you can choose whether to pay with a credit card online or by mailing in a check.

As always, if you have questions, concerns, or crises, please email me (Jim Kriz, Membership Director) at jkriz1@comcast.net or call/text me at **612-321-0123**. I may not have a ready answer, but I know where one can be found!

FOR SALE for 3000s: Contact Jeff Rossi at casadirossi@hotmail.com

1. Manifold gasket (Moss part 529-064)
2. Six-blade stainless steel cooling fan (Moss part 231-708)

FOR SALE: 1967 Sprite. California body on a rotisserie now. Included is a Datsun 5-speed transmission, hooked up to a 1275 that Ernie West rebuilt, with the head and carbs flowed, punched out to .60 over. This ran great in my prior 1969 Sprite. Lots of spare parts, and two MG Midget parts cars. \$7000. Contact Tom Politiski at healemog@yahoo.com

FREE: Collection of Road & Track, 1964 through most of 2019. Contact Chuck Norton at ah59carm@aol.com

1966 BJ8 for sale

Fred Ambli has started to pare down his fleet of Austin Healey's. This one had a complete frame-off restoration, which took four years to complete. This car is all set up for driving anywhere. It will do what you want it to do. It has a hotter cam, 5-speed Toyota transmission, 3.54 rear end. Fred has more photos and a list of modifications that are available to anyone wants more information.

New price: \$95,000. Call Fred at 218-348-3178.

For sale: AH differential set \$300

3.909 to 1 (11/43) differential suitable for all AH six-cylinder models, BN4 & BN6 non-OD cars and BN7-BJ8 OD cars. Includes gear carrier housing; ring and pinion assembly; differential gears and pinions; front flange with internal parts. This is an "inherited" assembly, so I don't know its provenance. Visible parts appear to be in good condition. Turns smoothly and freely. More pictures upon request. Pick up in Winona or truck shipment (weighs about 40 pounds).
